THE PRO SERIES REACHES NEW HEIGHTS

Husky introduces two redesigned and improved wet & dry models!

After years of a solid reputation and great contribution to the success of the Husky brand, the **PRO10** and **PRO20** models are taking a bow and making way for a new generation of wet & dry models. In the wake of this end, we are pleased to announce the availability of the new **PRO100** and **PRO200**.

The new **PRO100** and **PRO200** are completely redesigned models with a high-end look that fits perfectly with our other Husky models.

PROHUSKY!

GIVING IT MORE POWER, GIVING IT MORE TEETH!

A first-of-its-class wet & dry central vacuum.

Maximum depression	5334 mm H ₂ O
Maximum air flow	50.0 l/s / 180.0 m ³ /h
Polyethylene dust container capacity	43.4 litres
Filtration bag capacity	30.0 litres

*Known for its vast expertise in wet & dry central vacuum systems for more than 45 years, HUSKY demonstrates once more its knowhow with the new **PRO200** which has two motors for unparalleled power.*

PROHUSKY!

THE NEW PRO100 & PRO200 KEY FEATURES

All the best elements of Husky put in one great power unit!

- Power unit equipped with one motor (PRO100; 10 A at 220-240 V) or two motors (PRO200; 15 A at 220-240 V) for unequalled vacuum power
- Intelligent electronic module with LED indicator – warning signal for emptying the canister and halt for maintenance
- Electronic module cover with legend for LED indicator status
- Soft start/stop for increased motor durability
- Large high quality stainless steel filtration cage with liquid floater for increased wet & dry performance
- Hybrid filtration system for use with or without disposable filtration bag
- Permanent Husky filter with antibacterial Silpure treatment
- Industrial grade canister gasket
- New motor mounting base designed to simplify maintenance
- New high performance rigid and durable motor gasket
- Ultra strong stainless steel canister latches with keepers
- Elegant glossy black Husky quality paint with anti-corrosion coating primer
- 25 year warranty on parts and 5 years on labour (residential use)

Nothing escapes them!
